

Task 4 – How to use Loudblog

If you cannot set up your own Loudblog because you do not have your own server, you can use our Loudblog to play around with it. Why not set up new Podcasts and new tasks for everyone? You are free to do so.

Step 1:

Go to the administration part of our loudblog:
<http://etwinning.schulpodcasting.info/loudblog/>
Username: etwinner
Password: etwin

You'll find yourself on this screen:

RECORDING (STEP 1)

if you don't want to upload an audio task click here → next step

No Audio File You can define an audio-file later

Use Browser (<2MB)

Search Upload Folder

else use these two buttons to upload a spoken task →

Get from Web URL goes
☒ link to file ☐ copy file to webspace

LoudBlog 0.8 | © 2007 by [ONLINETRUST new media](#) | logged in as etwinner | [log me out](#) Donate:

Now come the final steps. Set your first podcast "on air":

RECORDING (STEP 2)

Posting without audio was created successfully!

2 - turn audio comments on or off → ☒ on ☐ off

1 - your task for us →

3 - PLEASE restrict filesize to not more than 1.5MB →

4 - set your podcast "on air" → ☒ on air

5 - save everything →
